INTER-OFFICE MEMORANDUM

Nixon for Governor

RA

Disc - Moscow

To: Bob Haldeman

Date: June 25

From: Al Moscow

Subject: Salary

Distribution:

Price, Waterhouse needs authorization from you to make up deficit in my salary (\$1,800 or \$300 for past six months) and Jerry Gilberti suggests you either authorize one lump sum of \$1,800 or apportion it out over July, Aug, Sept Oct. He seems to prefer the latter course. That would mean increasing my salary \$450 per month, for a salary of \$2,250 a month, starting July.

Nixon for Governor

To: Bob Haldeman

Date: August 2

From: Al Moscow

Subject: Salary

Distribution:

In consultation with campaign accountants, there are two ways to make up the \$1,800 in back salary:

One, spread it out \$450 each month for the remainder of the campaign, making my monthly fee \$2,250.

Two, Make the \$1,800 payable~~x~~ for July and then each successive month will be \$1,800, with July paid at \$3,600.

In either event, it appears that I will be sending down to you each month my "services rendered" statement for your initialling.

So, flip a coin and pick One or Two.....

A handwritten signature in cursive script, enclosed in a hand-drawn oval. The signature appears to be "Al Moscow".

NIXON FOR GOVERNOR

PERSONAL

My clear understanding with Dick St. Johns was that my fee from the campaign organization was to be \$18,000 for the campaign, from January 1 through Election Day.

My bill for services rendered was based upon ten months: or \$1,800 a month.

It was understood that I would be available from Election Day to Inauguration Day because I wouldn't want to miss taking part in those events.

Is your figure of \$1,500 based on the 12-month period of contract?

I am enclosing a copy of a draft of my contract with RN for addition compensation. It is not signed as yet. And, I have received none of this amount as yet.

~~And~~ Basically, that part boils down to \$6,000 additional compensation for my work on SIX CRISES beyond the time limit specified in our original contract; this was divided so that I received \$2,000 as expenses for moving from Connecticut, and \$4,000 to be paid early next year.

In addition, I ~~was to receive~~ am to receive \$5,000 additional compensation from RN, early next year, ~~for~~ as a guarantee ~~minimum~~ minimum for my other writings, including the columns and whatever magazine pieces which may be done under RN's name.

Dear Al:

Before I put something into final form re your letter of March 16th, I have the following comments:

1. The two paragraphs dealing with expenses and additional compensation in connection with "SIX CRISIS" are correct.

2. I will need to know that this is completion of payment and when the \$4,000 should be paid.

3. In connection with the writing services during the employment term, my understanding was as follows:

- (a) \$18,000 base salary - *See memo to me - 3/16/62*
- (b) \$5,000 guaranteed against compensation due in connection with additional writing services, plus a portion of compensation received for articles, etc. In other words, Al, we talked about the \$5,000 going for research, etc., in connection with the Times-Mirror articles -- we didn't talk about a rate for future compensation for more columns. I would have to check with Dick. Secondly, it was not my understanding that you would receive all the compensation paid to Mr. Nixon for articles published under his name on which you worked during 1962. For example, we discussed the Digest piece, basically prepared by my mother, in which it certainly was not his.

#2 - Mr. Alvin Moscow - 3/19/62

intent that you receive all the compensation, although it was the intent and in fact you did work on it. I anticipated handling this on a piece by piece basis recognizing that you were guaranteed \$5,000 surplus compensation over and above the \$18,000 base.

4. We did not discuss writing articles under your own name during the term of your employment, but I can see no objection to this as long as anything to do with Dick has his approval. I doubt you will have much time if prior campaigns are of any criteria.

I am ready too -- let me know.

Best regards,

Very truly yours,

Richard R. St. Johns
for O'MELVENY & MYERS
