Monday, March 22.

The Howard K. Smith interview on ABC at 9:30 tonight. The President spent the entire day at the EOB getting ready. He did call over a few times on minor items and to catch up on current news, etcetera. But nothing significant and he didn't call me over at all during the day. The interview went extremely well on TV; staff reaction was very good. It was too late at night to get our usual round-the-country reaction wrap-ups, but we'll get those tomorrow. The President seemed to be pleased with it, and it's clear that this is an extremely useful format for him.

End of March 22.
