**Phone call from Bruce Allen**

**cc: R. H. Finch**

**Will you please see that the following information gets into the proper hands?**

**Bruce Allen called me Sunday, February 25th, to discuss several matters as summarized below. He feels there are two issues that are really hot and on which RN can get strong bi-partisan support if he takes a definite position.**

**The first is the matter of Teacher Credentials, specifically the Fisher bill. Allen opposed this bill. He feels the Teachers' Union was the primary source behind it and says the CTA, with a tremendously large membership, is particularly hot on this issue; that they fought the battle against the Fisher bill and lost to the Teachers' Union. The CTA people, at this point, feel they don't know whether RN is for or against the bill, but Allen thinks the CTA would give RN a great deal of support if they thought he would give them an audience after he is elected.**

**The other hot issue, in Allen's opinion, is that of faculty salaries. He says the Brown proposed 5% increase retroactive to January 1st is completely inadequate; that California State salaries for professors are way out of line with competition from private industry and schools in other States. He feels our faculty recruitment program is suffering badly and that we are being down-graded in the quality of teachers and professors being recruited from out of State. Where we used to get the cream of the crop from Missouri, Michigan, New York etc., we are now getting the left-overs from Tennessee, Georgia and the like. Allen intends to offer an amendment in the Budget session to add a 12-1/2% increase to Brown's proposal.**

**Allen recommends that the line on the Birch Society should be that the reason we find people turning to the John Birch Society is due to the failure of Brown, Mosk and the Legislature to do anything about Communism.**

**Allen intends to attack the seizure of security files in San Diego on the basis of asking who they are trying to protect, and what they are trying to cover up. He reports that Robert Newsom was a Major in the National Guard in charge of security clearances and filed an unsatisfactory report on Eunice Chesler**

who had been Unruh's secretary in his campaign, and also was a candidate for an executive secretarial position with Brown. The result of this unsatisfactory clearance report was that Eunice Chessler was hired in Brown's office and Newsom was fired from his security clearance position with the National Guard. He is presently in the Sheriff's office in San Diego, and will verify this information, but does not want his name used.

I talked to Murray Chotiner about the attached letter from Seymour Chotiner and he says we should be rather careful about giving Seymour too much of a free hand in bringing people in.

Murray says Cordingly is perfectly all right; Sugarman probably is all right; Larimore would be all right to include as one in a large group, but should not be brought in alone or in a small group. He has been involved in a burglary case and some other unsavory matters.

Murray also says that the Convair airplane should not be accepted if it is Larimore's plane, and he thinks it probably is.

Do you want to follow up with Sugarman, or should I?

**Meetings with GOP Congressmen February 6-7**

**cc: RHF**

**Alphonzo E. Bell**

**Listened while Dick Blades did most of the talking; concerned about competition for volunteer workers in his District; hopes RN will speak well of him if he is not opposed in the primary; principal interest is in 28th Assembly District; not concerned about 16th; hopes RN will comment on his long background of service to the Republican Party and outstanding reputation of the District in Congress.**

**H. Allen Smith**

**Somewhat annoyed because no contact with RN since last February; mildly friendly, but certainly not enthusiastic.**

**J. Arthur Younger**

**Very friendly and cooperative; urges RN visit United Airlines shops near airport since this is largest group concentration in the District.**

**John H. Rousselot**

**Extremely friendly; most anxious to cooperate and secure maximum RN support; realizes Birch problem and assures Welch will be replaced.**

**James B. Utt**

**Feels RN is playing into hands of left wing columnists by lumping all right wingers with the nuts. Says RN should not deny support of John Birchers because they are good people and work hard; many of them are conservative Democrats, which is the only kind of Democrat RN can hope to get. Doesn't care whether or not we keep him posted on our activities in the primary.**

**Wm. S. Mailliard**

**Very friendly and cooperative; no particular suggestions; will be glad to help any way he can.**

**Glenard P. Lipscomb**

**Very helpful in setting up meetings; glad to handle any desired liaison with Congressmen; urges personal RN attention to Tog Ericson of the South Pasadena Review who is currently lambasting RN; Ericson was for Knight and is strong for Collier.**

**con't.**

John F. Baldwin

Very glad to cooperate; says farmers are extremely upset with Brown, primarily because of labor policy; feels RN will get many Democrats in Sacramento and Solano Counties because of this; feels Brown has misjudged extent of farmers' influence; says Jack Flynn can be very helpful in setting up Veterans Committee.

Edgar W. Hiestand

Completely dedicated to RN; very anxious to cooperate; feels conservative tag helps him (Hiestand) with Democrats because many of them consider themselves strongly conservative; urges RN to have his facts precisely correct on Birch Society when attacking and not to attack on basis of tactics of secret society.

Gordon L. McDonough

Moderately friendly; points out that Kennedy carried his District by 17,000; feels RN needs to work it hard.

Charles M. Teagus

Will be glad to cooperate in any way desired.

Craig Hosmer

Says will take no part in primary, but is backing RN quietly all the time; urges RN to see Hank Ridder as this is only way to forestall his attack on finances, Whittier deal etc.

Charles S. Gubser

Very friendly; says would not be advisable to work through a separate Nixon organization in the general campaign in his District since the regular Party organization can do by far the best job, including getting Democratic votes; this applies to Santa Clara, Santa Cruz and San Benito Counties. Gubser will be glad to do anything we want him to do.

Bob Wilson

Did not see him, but had talked to him earlier; did talk to Leon Parma who reported that the pros in El Centro complain because there was too much emphasis on foreign affairs and no mention of California during RN visit; says Schrade has made some pro-Shell statements; thinks we should attack on the basis that Brown is the reason that California is falling down on defense contracts -- not because the State went Republican.

Miss Teri Poed  
1005 West 6th Street  
Los Angeles, California

Dear Miss Poed:

Unfortunately, an avalanche of mail and an exceedingly small staff at the time account for the fact a reply to your thoughtful letter addressed to Mr. Nixon has been so long delayed. Mr. McClellan has also advised us of your letter to him. Although reason for the delay is explainable, certainly it does not lessen our concern, and we do apologize for it.

Reading your first letter and the area of activity in which you are interested, I must advise we do not have on our staff a Social Director, as such, who would handle banquets, luncheons etc. Such events are organized and sponsored by the various outside groups involved. The Headquarters programming does not include this sort of entertaining.

However, in view of your interest in the campaign, as well as your experience as a precinct worker and in Women's Club activities, I am taking the liberty of passing your letter along to Mrs. Carol Arth on our staff and by carbon copy of this letter, am asking her to get in touch with you to discuss other possible areas where you might want to help us. The Headquarters organization is now fully staffed, but if you are free to assist our volunteer operation, I am sure you know without my saying how grateful such help is always accepted and how very much it is needed.

You will be hearing from Mrs. Arth soon. Meantime, if you have any thoughts or suggestions, please don't hesitate to write me.

Sincerely,

H. R. Haldeman

Dear Mr. Bunje:

I had a very productive meeting with Ross Wurm Friday afternoon and am personally of the opinion that he will do an excellent job for you. I think his acquisition of Mark Knight will also be most helpful. While his fee schedule does seem to be high, I think it is vital that you have first class staff assistance, and assuming that is what he will deliver, the expenditure will be justified.

I think we will be able to insure maximum coordination between our office and Wurm's as long as we both constantly work to that end.

It would be my suggestion that you go ahead with your organizational process and that we get the program under way as quickly and as completely as possible.

Best regards.

Dear Mr. Bunje:

Although it is somewhat outdated now, I wonder if you think it would be a good idea to send copies of the attached Nixon release to the 1960 Farmers for Nixon list and/or any additional lists you have or are developing? This might be a good way to find out if the 1960 group are still on the team, especially if the covering letter suggested that they send us any comments which they might have concerning this statement and/or their thoughts concerning issues which will be of particular interest to the California agriculture picture in the campaign.

Best regards.

I have your letter of February 21st addressed to Dick Nixon regarding a booth at the Santa Clara County Builders Exchange show, but do not quite understand under whose sponsorship the booth would be set up.

In answer to your specific questions, I think we could provide some material by March 14th. I don't know how we would handle the \$25.00 contribution to offset the expense of the booth. This would depend somewhat on the sponsorship and other details involved.

Will look forward to hearing from you.

Dear Mr. Halton:

Your letter was received while I was out of town. In the past two or three weeks, additional trips have intervened and unfortunately this reply to your thoughtful letter has been much too long delayed.

Certainly I appreciate the thoughts you have expressed. Of course you know we want to hear from people like yourself. It is a good way to be helped, and to help, in the overall picture.

And along this line, I am wondering if you would be agreeable to talking with Hugh Flournoy, our Director of Research. You mention some figures sent to you by Frank Jordan and a breakdown for every county in California. I know this would be of interest and help to us, and since Hugh Flournoy is the one directly concerned, it would seem to me to be well for him to get in touch with you and try to arrange a time when you could meet and discuss this whole subject.

I am sending a copy of our correspondence to Mr. Flournoy with the request that he give you a call.

Many thanks again for your letter, for your suggestions and for your continued support and help.

Legislative Alumni List

As you know, I have written Casey thanking him for this material, and we also have asked RN to acknowledge.

In answer to your memorandum of January 23rd:

You recommended a personal letter to each alumnus over RN's signature. This has been discussed and we have decided it would not be wise to do this, at least at this point, since we don't know where any of these people stand.

Instead, it was suggested that we ask Casey and perhaps several others to form a "Legislative Alumni for Nixon" Committee and over their own names, contact all of the people on the list to ask them to serve on this Committee. This will smoke out the "fors" and "againsts".

If you agree, why don't you explore this with Casey and possibly one or two others on the list. Obviously, the list of invitations should not include present candidates or obviously unfriendly members of the group.

As you get the information on Committee assignments, it should be supplied to Hugh Flournoy so that these people can be tabbed for requests to serve on Task Forces.

We are making sure that RN has a list with him on tours so that he can recognize these people when he sees them.

It definitely can be of help in the Speakers Bureau and Key Programs and I assume Carol Arth will following through on this.

Letter to Joe Micciche's list

cc: Mr. Herb Kalmbach

Attached is draft of letter to go to names submitted some time ago by Joe Micciche of friends who want to help. I have list (16) in my file.

As you will note, the letter is to go out over Mr. McClellan's signature. Mr. Herb Kalmbach spoke with him on the telephone last evening to clear handling and get approval of wording. Mr. McClellan felt the 3rd paragraph would invite further correspondence, and perhaps a card enclosure, asking them to check it off, would be better.

Herb said you would handle from here out.

If I can be helpful, please let me know. It is rather important that the letters get out as soon as possible.

Attached letter from Dr. Michel Saleh and note from RMW

Bob Haldeman said this type of letter should go to you. He doesn't feel it requires an RN acknowledgment - but should get an answer from here. You will note my pencilled message that I had asked Doris to check on this - whether it came in as a result of our mailing downstairs. So far, she has been unable to locate anything on this man, but his letter should be acknowledged. Many thanks.

Hugh -

Some time ago, a Mr. Jim Butler called RN; Rose Woods talked with him. He said he was a State official and he wanted to talk to RN about some matters he thought RN should know about. He said there was no great rush -- but perhaps a telephone call is in order.

**A friend of mine, Douglas Fahy, has recommended Betty Sumners, GE 1-3994 - Los Alamitos. I understand she has good experience, some of it in politics, and perhaps should be considered for the Orange County staff.**

**You might want to give her a call and suggest she contact Walter Schmid.**

When the Speakers Bureau is set up, Douglas Fahy, Orange County, should be contacted as a speaker. He is anxious to help, worked in '60, and is well qualified.

Meeting with Ignacio Lozano

cc: Carol Arth

RN has agreed to a meeting with Ignacio Lozano, publisher of La Opinion, to be held at Lozano's office.

Lozano has indicated to Carol Arth that he would be very favorable to such a meeting, but the next step will have to come from us.

This should be done as soon as possible after the second week in March, when Lozano returns to Los Angeles.

Dear Pat:

Was it you who told me about the head of a large electrical union of civil service electricians in the San Fernando Valley who is not happy with Brown, and is looking for another candidate to endorse?

If so, can you give me any more dope on this, and if not, could you check it out for me?

Sincerely,

H. R. Haldeman

Dear Bill:

A long time ago, Assemblyman Frank Belotti indicated that Mr. Ralph Searle of Laytonville, Mendocino County, was interested in organizing a Nixon Club in his area. He should be contacted.

Belotti also advises that Dr. Leland Barlow of Humboldt College in Arcata is interested in obtaining speakers to address assembly meetings for faculty and students at the college.

Dear George:

Just a note. I would be very interested in hearing how your Kachel luncheon came out, and what the situation is regarding your participation in his campaign.

Best regards.

Sincerely,

Jean -

Pat Hitt tells me there is a gal in Arcata who should be brought into the Northern program as quickly as possible. She is:

Mrs. Robin Arkley  
3951 Buttermilk Lane Extension  
Arcata

She is very strongly in favor of Nixon and is supposed to be a very good worker. Also, her father has a great deal of money and strongly backs any of his daughter's activities. She should probably be given a prominent position in our Humboldt County organization, both to take advantage of her ability as a worker and to assure maximum contribution from her father.

Can Cris Wright or someone check out a George Fletcher in Berkeley? He is a High School teacher, Negro, has worked in some of Mulford's campaigns, and Don highly recommends him. He also worked with Fred Hall in Kansas.

Mr. Kalmbach:

Bob Haldeman feels this should have further follow-up. You will note what has been done thus far. Perhaps a letter or a phone call would be wise at this point.

Many thanks.

Can you have someone make some sort of check on the green cards and any other sources we have to get a reading on the number of Democrats we have signed up for RN?

Will you please have someone get me clippings of all references to Grant Reynolds during the period 2/10-21 in San Diego, San Francisco, Oakland and Los Angeles. In addition to metropolitan papers, please have all Negro publications checked.

I need this as quickly as possible.

Mulford tells me he hears the steel hierarchy in California is not too sold on RN because of his international tendencies and belief in world trade. Apparently Brown has been very strong on "Buy California" which the steel people appreciate. They are concerned about preferential tax treatment for local production.

Agenda - P.R. Meeting

Will you please put on the Agenda for the next P.R. meeting the following:

- 1) Question of advisability of RN going to New York on March 28th, which is the publication date of his book, for TV appearances and other book promotion.
- 2) Question of whether RN should continue his newspaper column after he completes the present contract in the next month.

Rather than add a paragraph to the acceptance letter asking for completion of the questionnaire, I would suggest that Booth fill out a questionnaire for each speaking date based on his first contact with the organization after the date has been accepted.

I think it looks over-formalized to ask the organization to fill out the form, and I also feel that we will be more certain of getting the information faster if Booth covers it on the form.

In the case of Northern California engagements, I think Jean Dewey can contact each organization and fill out the form for you. Joanne should send her a supply of the forms.

Since Jack Drown has said we will be able to get a substantial number of free copies of Esquire after it goes off the newstands, I think we should hold up on any plan for buying reprints.

I think we can use the full copies of the magazine for supplying our speakers, County Chairmen etc. Perhaps we could have some volunteers clip the article from the magazine if we don't want to use the full book.
