This is a train-side platform rally rather than from rear of train. Downtown shopping plaza parking lot adjacent to train.

As the train comes into town it has to be switched once and then switched again to put it at the point where the Vice President will speak. The first switch would take them only about 200 ft. from speaking place. Second switch might take as much as 15 minutes. If behind schedule the party can disembark at the first switch point, walk the 200 ft. to speaking point, and let the train complete switching during the time of the rally.

Population of Marion is 38,000

Congressman for Marion is Clarence J. Brown (7th District)
