Will you please check to see if Ed Carter has been contacted by anyone regarding education policies?

This was suggested to Hugh Flournoy - my memo of April 16th.

If he hasn't been consulted, he should be.

The Finance Committee advises me that Ed Carter should be consulted for help on education policies and financing for education. He is on the UCLA Board of Regents, as you know, and is also helping in our finance activity.

Nixon for Governor

To: Bob Haldeman
From: Rose Mary Woods
Subject: Weldon B. Gibson
Distribution:

Date: March 15, 1962

Mr. Weldon B. Gibson, Executive Vice President, Stanford Research Institute, who is also a friend of Tom Pike, called to say that he is available if he can do anything to help out in the campaign. He said he would like very much to be of assistance.

Apparently he helped set up Scholars for Nixon in 1960.

Robert E. Burns, President
University of the Pacific
Stockton, California

Dear President Burns:

I understand that you have written Ross Buell of our Northern California Campaign Committee, offering to help in any way possible within the academic circles.

I would certainly appreciate it very much if you could take the time to suggest to me individuals within academic communities in the northern part of the state who are favorably disposed to the Nixon campaign and who by their professional work are closely acquainted with matters relating to state problems and state issues. We are constantly seeking the benefit of such persons for our campaign efforts and it would be most helpful to us if you could provide us with this kind of information.

Additionally, of course, it would be most desirable if we might also have the benefit of your thinking on campaign and state issues.

Incidentally, I am appearing in a program on your campus on the 28th of March, I believe, sponsored by your Education Department, and it might be possible for us to get together at that time if you feel it is advisable.

Cordially yours,

Houston I. Flournoy

**Mr. Robert E. Burns, President of the University
of the Pacific, has written Ross Buell of our Northern California
Committee, stating that -**

**"I will help in any way possible and within the limits
that we can ordinarily work in academic circles."**

**I thought you should know this, especially since you may be
seeing Burns when you are in Stockton on May 5th.**

**I know that Flournoy will want to follow-up on putting
Burns to work.**

Ross Buell of our Contact Committee has forwarded to us a letter he received from Mr. Robert E. Burns, President of the University of the Pacific.

Burns states that "I will help in any way possible and within the limits that we can ordinarily work in academic circles."

I will work out an approach with Bob Steele to see how best we can use Mr. Burns. However, I think Mr. Nixon should know Burns' sentiments before he goes into the area on May 5th.
